

FOR IMMEDIATE RELEASE:

Upcoming NATO Interface Control Officer Training

The 11th NATO Interface Control Officer (NICO) Course, hosted by the UK Joint Data Link Management Organisation, will be conducted 11 February – 1 March at RAF High Wycombe. This internationally recognised hands-on, operator certification program now has more than 200 graduates from more than 15 countries and NATO organizations. We plan to schedule two to three more NICO courses this year. To register interest in the program, please email director@network-centric.com.
